

European School of Genetic Medicine

5th Course in Next Generation Sequencing May 4 - 7, 2016

University Residential Centre of Bertinoro, Italy

Registration Fee:

560 € : tuition, course material, lunches, coffee breaks, dinners and transportation from Bologna to Bertinoro and back

Accommodation:

35€ / per night: bed and breakfast in double room (to be shared with another participant) at the course venue or in hotels nearby the course venue

ESHG fellowships are available:

Application deadline
March 4, 2016
at 18:00 (CET)

Director:

Gilissen C. (Nijmegen, The Netherlands)

Co Directors:

Veltman J. (Nijmegen, The Netherlands), Pippucci T. (Bologna, Italy),
Romeo G. (Bologna, Italy)

Course Description:

This course aims to give students insight into the use of next generation sequencing technology for genetic studies in humans. Aimed at researchers and diagnostics personnel with a background in genetics, biology, biomedical & molecular sciences and/or computational biology.

Topics:

Next generation sequencing basics:
TARGETED/EXOME/GENOME SEQUENCING
DATA ANALYSIS AND INTERPRETATION
CLINICAL APPLICATIONS
